

科目ナンバー	SEM-4-005-ky			科目名	卒業研究 (デロージェ)		
教員名	ロリ アン デロージェ			開講年度学期	2020年度 前期～後期	単位数	4
概要	This class will advance students' knowledge of Language and Society. They will be introduced to the process of databased research: proposal, data collection, and organizing the results analytically.						
到達目標	Students' knowledge will be broadened through further reading of Language and Society and deepened through individual research of a selected topic. They will learn how to write a research proposal, carry out databased research, codify the data and report on and analyze the meaning of the data.						
「共愛12の力」との対応							
識見		自律する力		コミュニケーション力		問題に対応する力	
共生のための知識		自己を理解する力		伝え合う力		分析し、思考する力	○
共生のための態度		自己を抑制する力	○	協働する力	○	構想し、実行する力	○
グローバル・マインド		主体性	○	関係を構築する力		実践的スキル	
教授法及び課題のフィードバック方法	Students will read and discuss topics within the area of Language and Society. Students will present their readings, research proposal and findings to the class on a prescribed schedule. The language of instruction is English. (授業は英語で行う)						
アクティブラーニング	○	サービスラーニング			課題解決型学修		
受講条件 前提科目	Students will be expected to present their readings and research. Students should be interactively asking questions and offering suggestions to their classmates' readings and research.						
アセスメントポリシー及び評価方法	Portfolio contents will make up the main portion of the grade. However, class discussions, presentations, preparation (i.e. following the schedule) will also be considered.						
教材	Class handouts and individual materials.						
参考図書	portfolio smartphone						
内容・スケジュール	In the first semester, students will work on a group research proposal and learn about data collection. Then they will choose and research their individual topics, presenting summaries of their readings. In the second semester, they should write their research proposal and plans for gathering data. They should collect data, codify the data and analyze and interpret the data. As students work on each phase, they will add material to their portfolio.
