| 概要  | 竹内愛 開講年度学期 2020年度 後期 単位数 2  This class will focus on communication among people of diverse countries and regions. It will introduce the theoretical framework of crosscultural communication and competence by covering the issues such as cultural values, language, identity and conflict management. It also focuses on the strategies and skills needed to deal effectively with some challenges in communicating with people of other cultures.  *The language of instruction for this class is English.  Students are expected to:  1. Gain understanding of the concepts and issues with regard to intercultural communication?;  2. Understand how communication processes differ among cultures; |                    |             |                |                              |            |           |         |  |
| 到達目標  | 3. Become aware of one's own culture and communication styles;  4. Analyze and discuss examples of cross-cultural conflicts  5. Acquire knowledge, skills and attitudes that increase intercultural competence  |                    |             |                |                              |            |           |         |  |
