教授法及び課題のフィードバック方 法	In the second semester class, we will try to cover an additional 5 units of the textbook. Howev er, depending on the interest of the students or the difficulty level of the unit, we should remain not flexible. Students will preview each unit with discussion and vocabulary work. Then, students will listen to a variety of spoken items including conversations or news report or talk show and complete various activities. In between activities, students will be presented with various features of spoken English to help them grasp the content more quickly.
